Digital Millennium Copyright Act (DMCA) Policy

As of: 20 March 2023

Notice and Takedown Procedure

It is our policy to expeditiously respond to clear notices of alleged copyright infringement, as long as those notices comply with the United States of America’s Digital Millennium Copyright Act (DMCA). This page describes the information that must be present in these notices. It is designed to make submitting notices to Therapoid of alleged infringement as straightforward as possible while reducing the number of notices we receive that are fraudulent or difficult to understand or verify. The form of notice specified below is consistent with the form suggested by the DMCA (the text of which can be found at the U.S. Copyright Office Web Site, http://www.copyright.gov), but we may respond to notices of the form of notice specified below from other legal jurisdictions as well.

It is expected that all users of any part of the Therapoid’s site will comply with applicable copyright laws. However, if the Therapoid receives proper notification of claimed copyright infringement, our response to these notices will include removing or disabling access to material claimed to be the subject of infringing activity and/or terminating subscribers, regardless of whether we may be liable for such infringement under United States law or the laws of another jurisdiction.

Before we remove or disable access in response to such a notice, we will make a good-faith attempt to contact the owner or administrator of the affected site or content so that they may make a counter-notification pursuant to Sections 512(g)(2) and (3) of the DMCA. We may also document notices of alleged infringement on which we act.

Designated Agent

Therapoid’s Designated Agent to receive notification of alleged infringement under the DMCA is:
Chief Legal Officer
Email: legal@Therapoid.net
Physical Mail: Therapoid, PO Box 30085, Cincinnati, OH 45230
Upon receipt of proper notification of claimed infringement, Therapoid will follow the procedures outlined herein and in the DMCA.

Infringement Notification

If you believe that your work has been copied in a way that constitutes copyright infringement, or your intellectual property rights have been otherwise violated, please provide Therapoid’s Registered Agent (listed above) the following information in a written communication (preferably via email):

1 Identification of the copyrighted work claimed to have been infringed, or, if multiple copyrighted works at a single online site are covered by a single notification, a representative list of such works at that site.
2 Identification of the material that is claimed to be infringing or to be the subject of infringing activity and that is to be removed or access to which is to be disabled, and information reasonably sufficient to permit Therapoid to locate the material.

3 Information reasonably sufficient to permit Therapoid to contact the complaining party, such as an address, telephone number, and, if available, an email address at which the complaining party may be contacted.

4 The following statement: "I have a good faith belief that use of the material in the manner complained of is not authorized by the copyright owner, its agent, or the law".

5 The following statement: "I swear, under penalty of perjury, that the information in the notification is accurate, and that I am the copyright owner or am authorized to act on behalf of the owner of an exclusive right that is allegedly infringed".

6 A physical or electronic signature of the owner or a person authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.

Please note that you may be liable for damages (including costs and attorneys' fees) if you materially misrepresent that material is infringing your copyrights. Accordingly, if you are not sure whether material available online infringes your copyright, we suggest that you first contact an attorney.

**Counter-Notification**

A provider of content subject to a claim of infringement may make a counter-notification pursuant to sections 512(g)(2) and (3) of the DMCA. To file a counter-notification with us, please provide Therapoid’s Registered Agent (listed above) the following information in a written communication (preferably via email):

1 Identification of the material that has been removed or to which access has been disabled and the location at which the material appeared before it was removed or access to it was disabled.

2 Your name, address, and telephone number.

3 The following statement: "I consent to the jurisdiction of Federal District Court for the [insert the federal judicial district in which your address is located]".

4 The following statement: "I will accept service of process from [insert the name of the person who submitted the infringement notification] or his/her agent".

5 The following statement: "I swear, under penalty of perjury, that I have a good faith belief that the affected material was removed or disabled as a result of a mistake or misidentification of the material to be removed or disabled".

6 Your signature, in physical or electronic form.

Upon receipt of such counter-notification, Therapoid will promptly provide the person who filed the original infringement notification with a copy of the counter-notification and inform that person that
Therapoid will replace the removed material or cease disabling access to it in 10 business days. Therapoid will replace the removed material and cease disabling access, unless our Designated Agent first receives notice from the person who submitted the original infringement notification that such person has filed an action seeking a court order to restrain the subscriber from engaging in infringing activity relating to the material on our system or network.

**Repeat Infringers**

In accordance with Section 512(i)(1)(a) of the DMCA, Therapoid will, in appropriate circumstances, disable and/or terminate the accounts of users who are repeat infringers.

**Accommodation of Standard Technical Measures**

It is Therapoid's policy to accommodate and not interfere with standard technical measures used by copyright owners to identify or protect copyrighted works that Therapoid determines are reasonable under the circumstances.
